DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-25 are rejected under 35 U.S.C. 102(b) as being anticipated by Redenbaugh, U.S. Patent No. 4,779,376 (hereinafter "Redenbaugh"). Redenbaugh teaches a method of derivatizing a polymeric material in encapsulated water, the method comprising: selecting a first polymeric material including encapsulating water, reducing the level of encapsulated water followed by treating the polymeric material. See Redenbaugh, Abstract; col. 2, line 55 through col. 3, line 10; col. 4, lines 19-67; Table 1; col. 9, line 2 through col. 11, line 16.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 recites the term "type," which is indefinite and must be deleted.
